Lectures/Programs

Quilts in my suitcase: Quilts and Quips from a Traveling Quilt Author, Designer, Editor Trunk show of 20 plus quilts. Quilts are pulled out of suitcases complete with stories about the inspirations that brought them to life. Sharing inside secrets of how magazines and books are really put together you will get the inside scoop of the quilt publishing world. A real time look at the many quilts made "on the go" as they were stitched to the finish line. All classes can be all day or half day hands-on workshops.

Workshops

Upstairs Downstairs Log Cabin

Fun, fast and perfect log cabin blocks: Try this new no-math, no-measuring method to make log cabin blocks. Trimming each round insures a perfectly pieced block with more sewing, less cutting. The Log Cabin Trim Tool designed by Jean Ann is required for the class. It can be ordered in advance from www.jeanannquilts.com or purchased the day of the class.

Eat Your Veggies Pineapple Table Runner

The new Pineapple Trim Tool promises a perfect pineapple block every time you make one. Just stitch and trim your strips in place and wella! pineapples good enough to eat appear like magic. Another no-math, no-measure tool designed by Jean Ann Wright and manufactured by Creative Grids©.

Cut The Cake Hexies

Stitching up a few hexagons using one 40 count pack of layer cake squares is as easy as munching a cupcake. The new hexagon trim tool insures you will have a perfect block and a perfect fit as you sew the blocks together.

Carousel – 8” Curvy Log Cabin

Create the illusion of curves by sewing blocks with half wide and half narrow strips. The Curvy tool guarantees you will have a perfect block every time....and in half the time of traditional methods used to make this block..

Rainbow Swirls – 6” Curvy Log Cabin

A fun to sew quilt made with blocks that give illusion of curves with half wide and half narrow strips. The Curvy tool guarantees you will have a perfect block every time....and in half the time of traditional methods used to make this block.

Jelly Roll Jambalaya

Got pre-cuts and don't know what to do with them? Pick hexagon shaped Mardi Gras Beads or Andouille that uses a 1600” long strip that is quartered and pieced together. Both can be incorporated into one workshop – *Half day pick a project – whole day make two!*

Fees:

\$700 for each all day workshop - \$400 for each half day workshop

\$300 for presenting a lecture/ program (1 to 2 hours)

Meals and Lodging to be reimbursed determined at actual cost, guild hospitality accepted
Travel reimbursed at cost for air travel or driving mileage (55 cents per mile with distance calculated using Google Maps)
